EVERY HOOBER COMBINE HAS A STORY

In today's digital age, you can look at dozens of combines from all over the country in a matter of seconds. At first it may look like you've found a great deal, but consider the following things:

- ✓ Who owned the machine before?
- ✓ Will I get fair value if I have a trade-in?
- ✓ Can I trust the information about the condition?
- ✓ Am I getting the full story?
- ✓ What kind of warranty and peace of mind will I be getting?

Put your mind at ease and talk to Hooper about a locally-traded machine. We have the service history on almost all of our combines, we know the machine, and we know where it came from. Whether it's a late-model, low-hour trade, or an "as-is" 20-year old combine that's had 5 owners, we know the machine.
